

Brown-Bag Biscuit

Saturate bottom and sides of paper bag with cooking oil. Place prepared dough in bag and heat. Bag should hang high enough not to burn but low enough to receive good heat.

Egg on a Stick

Pierce small holes in egg and pass stick through egg. Heat over coals. Be sure the stick is from a nonpoisonous plant. Avoid holly, yew, elm, or laurel.

Kabob

Skewer 1-inch cubes of meat. Sear meat until brown. remove from stick. Then add onions, green pepper, and tomatoes between meat. Broil over coals. Turn occasionally until done.

Orange or Onion Shell Eggs

Cut orange in half and remove fruit. Crack egg into peel and place directly on coals. Do the same using a hollowed onion for onion-flavored eggs.

Paper Cup Rice

Rinse half a cup of rice and add water to just below top of cup. Seal top with aluminum foil and place close to coals but not directly on the coals. Use unlined, unwaxed cups.

Hot Potatoes

Wrap cleansed potato in aluminum foil and place over strong heat. Bake approximately 1 hour, turning side to side occasionally. Stick a knife or fork into potato to check doneness.
